

A Partnership With Families

"Train up a child in the way
he should go . . ."
Proverbs 22:6 (NASB)

It is the desire of CCS to assist parents in their God-given responsibility of educating their children, regardless of whether they choose a traditional school environment or choose to educate their children at home. Our program enables parents who choose to home school to be a part of the CCS family and allows their children to participate in a variety of academic and group experiences that will help meet their spiritual, social and educational needs.

Our Mission

CCS exists to serve God by providing families an academically excellent, Biblically-integrated education, which encourages spiritual development and social responsibility in an environment where students can develop their God given gifts and talents.

The primary emphasis of teaching at CCS is the glorification of God by building Christ-like character into the lives of students as a foundation for scholastic achievement.

Extension Program*

Q&A

****What are the costs?***

Costs are based on the level of participation. Scholarships may be available to assist with families with need.

****What if our beliefs are different from other CCS families?***

Teachings at CCS stress the central truths of the Bible that unite Christians. Questions concerning doctrine outside of these central beliefs are not part of CCS teachings.

****Would my child be accepted by full-time students?***

The teachers, staff, and students at CCS will welcome your children into our CCS family with open arms. Integration of part-time students has historically been a positive experience for new families.

****How do I get answers to more questions?***

Call and set up a free educational consultation to determine what works best for your needs.
